

A93

HIGH POWER LED FLASHLIGHT
Patented extrem wide focus dynamic

Highlights

LATEST LED TECHNOLOGY

The latest series of LED produced by CREE in United States

HIGH BRIGHTNESS & LIFE-SPAN

High brightness and long life-span of 100,000 hours; saving you the annoyance of replacing light bulbs frequently

HIGH PENETRABILITY

Light beam goes deep through dense smoke, dense fog and dark environment; Also broadly used for outdoor sports, military activities, fire fighting, night patrol and searches

LOW POWER CONSUMPTION

3 pieces of AAA alkaline batteries are enough for a long time use

OUTSTANDING OPTICAL LENS

Enables the product with perfect and collimated beam; single hand can adjust the focus within 0.3 seconds

ALUMINIUM ALLOY

Aerospace-grade Aluminum body, HA III Military grade hard anodized in black, hard coating treatment for scratch resistant surface

VARIETY OF COLORS

A variety of colors wait for your choice

ITEM	DESCRIPTION
LED	CreeP4 1 WLED
Battery SPEC	3 x AAA alkaline batteries
Illumination	Test at a distance of 800mm (focus) Original Illumination 6500Lux(1x) After continuous lightening for 4Hour 150Lux(1x)
Optical Function	extrem Zoom from 4x to 2000x magnification
Duration of lightening	After 1 Hour lightening (light-decay would be 10%)
Waterproof Ability	water proof(IP55)
Dimension	104.3 mm * 0 34.6 mm
Weight	135g(Batteries included)
Accessory	Wrist belt • Instruction
