AEROSPACE-GRADE ALUMINIUM

Aerospace-grade Aluminum body, HA III Military grade hard anodized in black, which is treated with hart coating processing to make it scratch resistant

ITEM	DESCRIPTION
LED	CreeP4 1 W LED
Battery SPEC	3x AAA alkaline
Illumination	Illuminance: 1M test 8000--12000lux zoom in Working time: 16 hours continues
Optical Function	extrem Zoom from 4x to 2000x magnification
Duration of lightening	After 1 Hour lightening (light-decay would be 10%)
Waterproof Ability	water proof(IP55)
Dimension	L105mm*Φ34.6mm
Weight	135g(Batteries included)
Accessory	Holster
